SECURITY

About Company

Established to provide a professional guarding service that is reliable and cost-effective. LYON SECURITY SOLUTIONS has continued to forge its success based on building long-term client relationships & partnerships, combined with exceptional customer service delivery.

With over 25 years of industry expertise powering the company, Lyon Security places great importance on sound management, staff welfare, and working with clients who share these values.

We wholeheartedly believe that these are the key ingredients to providing a level of service that is unequalled, reliable, and trustworthy.

We have extended our services to offer our clients a professional high-quality cleaning service that may be combined with security solutions or utilized as a stand-alone service.

Lyon Security Solutions is a registered training service provider and we hold all our trainees to our high standards of operating, ensuring a generation of well-trained, reliable security officers to populate the security industry.

Industry **Security**

Retail Industry/Malls & Gated Communities

Lyon Security Solutions operates at the highest level in this security area, effectively identifying and controlling weaknesses in your business and implementing plans to combat those weaknesses.

We understand that patrons like to shop without the displeasure of being scrutinized by an obtrusive security officer, so we emphasize creating a comfortable shopping atmosphere while still maintaining a presence to deter any would-be thieves. Utilizing the Onguard biometric vehicle registration & Identification scanner system, our officers manage complete access control at all entry & exit points

Residential Industry

Possessions can be replaced but loved ones cannot! Security is a lifestyle and Lyon Security will partner with homeowners and Estate Managers to create this secure lifestyle.

Commercial & Industrial Industry

Should it be required, the security officers will play an important part in monitoring the movements of suppliers, deliveries (incoming and outgoing), workers, and anyone visiting your premises, providing optimum access and egress control to protect your business assets.

SECURITY

Cleaning Services

We have added Lyon Cleaning Services as another facet to our growing company profile. Customers not only get best-in-class security but also best-in-class cleaning and maintenance services all on one invoice (if so desired). Lyon Cleaning Services staff are professionally trained to tackle all cleaning requirements from small to large-scale office, retail, property, and commercial entities. Lyon Cleaning Services provides only the best cleaning tools, equipment, and cleaning agents to ensure that any scenario is managed according to the customer requirements

How

We Work

1

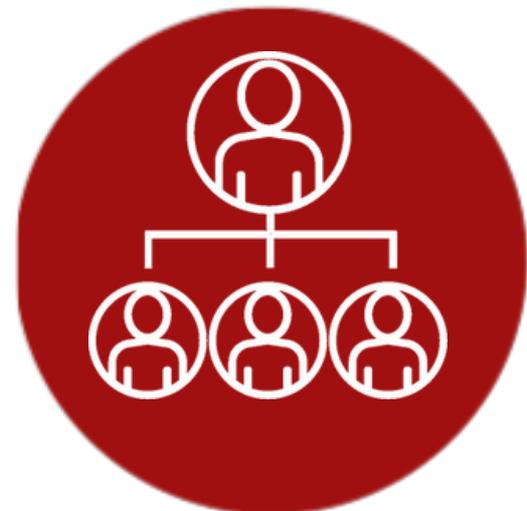

The Lyon difference is in how we operate and approach security. We go beyond simply providing security personnel, but prefer a more personalized touch so our clients have direct access to our management

2

Although we pride ourselves on our teamwork, we know that ultimately responsibility rests with management. All our managers are on call 24/7 and make regular announced and unannounced visits to the sites they operate. Building and maintaining long term client partnerships.

3

Accessibility is paramount to Lyon Security Solutions and this sets us apart from our competitors. Communication between clients and management should be transparent.
